

## Green Fins 2<sup>nd</sup> International Coastal Clean Up Koh Lanta

13<sup>th</sup> -14<sup>th</sup> September 2008

The Green Fins 2nd ICC has been organized to take part in **Koh Lanta** on both the 13<sup>th</sup> and 14<sup>th</sup> of September 2008 to help clean up rubbish and garbage from the beach. The participants and volunteers will consist of Koh Lanta students, local hotel and tour operators, local government officials and the general public.

However what makes our ICC special and slightly different is the planning of several side events that will be run alongside including:

- A '**Litter Recycling Art workshop**' for 300 children in Koh Lanta with Pom, an artist of the Andaman area.
- A '**Beach Detective workshop**' for representatives from 8 schools in Koh Lanta.
- The performance of the '**Save the Nature Band**' from *Petra Marine National Park* with their music that is about climate change, helping to save seashells from the seashore, "let's clean up the beach" and other songs.
- The exhibition of the finalists and winner of the **Green Fins photo contest**, which was organised by Green Fins and the UNEP COBSEA Secretariat. The opening of the exhibition will take place on the evening of Saturday 13th September at the Old Town at the **Lanta Community Museum**.

So if you would like to help out or join in the fun then please come along and have a look at the schedule below. Please contact the details below for more information.
